## V-Collar Dickey

A fashionable woman's dickey suitable for wearing under a suit jacket, or as a quick dress-up to a V- or crew-neck sweater. A design highlight is the V shape of the collar front that occurs "magically" from a bias-knit twisted rib pattern. The collar back is knit at the same time in a companion plaited twist rib pattern stitch.

The V-Collar Dickey is handsome knitted in a variety of yarns and colors. Choose solid colors for a classic tailored look, or in variegated yarns for a casual look. Model shown here was made in a silky mercerized Egyptian cotton.
